What? What? Where????

What do you think? What have you heard?? Where will he show up next??? Rumors are flying everywhere..... **Does anybody know..... Does anybody really care???**

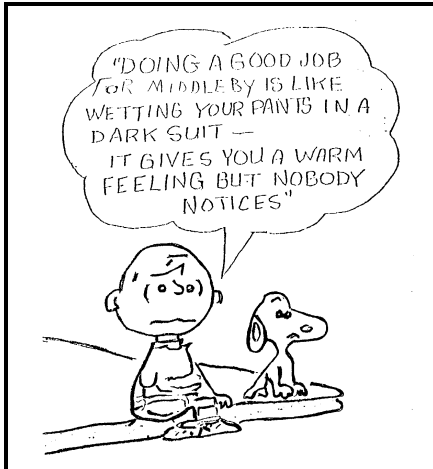

Seems that our "Partner in Service" has been "Unpartnerized" and no one seems to know why. Who's deal was this? Was it a mutual agreement... a mutual disagreement.... or a flat out "Hit the Road kind of deal". I guess we will find out soon enough.

Wouldn't you think Wes could always use another good soldier??

THE REAL ROGER!!!

It is our understanding that all charges against Roger Martin have been dropped by the Hyatt Regency Scottsdale Security Police. In a recent phone conversation with head of security, Roger has agreed never to set foot on this beautiful Scottsdale property again. Roger apologized and explained that he did not know what happened at the Karaoke bar that Saturday night, but that if the way he felt the next morning was any indication, he promised he would never do it again.

We also understand that Roger, our impeccable CFESA President, while being "WANTED" and on the run, received numerous calls and letters from friends around the country offering safe haven and or assistance in coming up with bail money. What do you think Rog?????? How bout them friends????? Why Roger even received a compliment from the President of a California based dishmachine manufacturing company stating that, "It's about time CFESA got a President that knows how to handle himself"..... Keep up the good work Rog!!!!!! And you're sure you're not kin to Bill Clinton?????????
